Dear Sir:

Your Petitioner, Lenovo PTE. LTD, by and through Brian C. Kunzler, the attorney of record, represents that the Petitioner is the Owner of the entire right, title and interest in and to the above-identified application. Petitioner certifies that, to the best of Petitioner's knowledge and belief, title is in the Petitioner who seeks to take this action.

The Petitioner hereby disclaims, except as provided below, the terminal part of the statutory term of any patent granted on the above-identified application, which would extend beyond the expiration date of the full statutory term defined in 35 U.S.C. 154 and 173 as shortened by any terminal disclaimer filed prior to the grant of any patent granted on pending Application Number 10/730,971 of any patent on the pending applications. The Petitioner hereby agrees that any patent so granted on the above-identified application shall be enforceable only for and during such period

that it and any patent granted on the applications are commonly owned. This agreement runs with any patent granted on the instant application and is binding upon the grantee, its successors or assigns.

In making the above disclaimer, the Petitioner does not disclaim the terminal part of any patent granted on the above-identified application that would extend to the expiration date of the full statutory term as defined in 35 U.S.C. 154 and 173 of any patent granted on the applications, as shortened by any terminal disclaimer filed prior to the patent grant, in the event that any such granted patent: expires for failure to pay a maintenance fee, is held unenforceable, is found invalid by a court of competent jurisdiction, is statutorily disclaimed in whole or terminally disclaimed under 37 CFR 1.321, has all claims canceled by a reexamination certificate, is reissued, or is in any manner terminated prior to the expiration of its full statutory term as shortened by any terminal disclaimer filed prior to its grant.
